Imbalance trades are subject to the terms and conditions in the currently effective TPC FERC Gas Tariff.

Trade Forms may be submitted to TPC Account Services via facsimile or email.

Facsimile submittals should contain signatures from both shippers.

Email submittals must be received from both shippers so the email addresses can be used as confirmation.

Transport trades cannot increase an imbalance.

Trades will be recorded in the relevant flow month and will be charged accordingly. Please use a separate trade form for each production month request.

Trade Forms must be submitted in accordance with the time lines provided for in TPC's currently effective FERC Gas Tariff.

The Preliminary Cashout Schedule, included with the invoice, details the transportation imbalances by month.
