Re: Cheyenne Connector, LLC  
Docket No. RP26-\_\_\_\_-000  
Annual Filing – L&U Report

Dear Secretary Reese:

Pursuant to Section 38 of the General Terms and Conditions (“GT&C”) of the Cheyenne Connector, LLC (“Cheyenne Connector”) FERC Gas Tariff, Original Volume No. 1 (“Tariff”), Section 4 of the Natural Gas Act, and Section 154.403(d) of the Commission’s regulations,<sup>1</sup> Cheyenne Connector hereby submits for filing with the Federal Energy Regulatory Commission (“FERC” or “Commission”) the Annual Filing of its Lost and Unaccounted-for (“L&U”) Reimbursement Percentages for the 12-month period ended December 31, 2025.

### **Statement of Nature, Reasons, and Basis of the Filing**

Consistent with GT&C Section 38 of the Tariff, Cheyenne Connector is submitting this Annual Filing of its L&U Reimbursement Percentages for the 12-month period beginning January 1, 2025. This annual filing reflects the application of its L&U Reimbursement Percentages, which are updated and posted to Cheyenne Connector’s electronic bulletin board on a monthly basis, for the 12-month period of January 1, 2025 through December 31, 2025. As more fully discussed below, Cheyenne Connector has also calculated the applicable variance adjustment to be effective for the period May 1, 2026 through April 30, 2027.

The attached schedules in Appendices A through C set forth the calculations underlying the applicable variance adjustment to be applied beginning May 1, 2026, as well as the monthly L&U Reimbursement Percentage for each month of the 12-month period ending December 31, 2026.

Consistent with the Tariff, the monthly L&U Reimbursement Percentages are comprised of two parts: the monthly Lost and Unaccounted-for Reimbursement Percentage (“L&U”) and the prior 12 months ending December 31 Lost and Unaccounted-for Variance Adjustment Percentage (“L&U Variance adjustment”).

## **Overview of the L&U Reimbursement Percentages and Supporting Appendices**

The underlying calculation methodologies applicable to the instant filing are outlined in GT&C Section 38 of the Tariff.

Specifically, the monthly L&U Reimbursement Percentages shown were derived using the most recent actual data for the month that is two months prior to the projected month. The applicable Variance Adjustment effective May 1, 2026 was derived using the twelve months of actual lost or gained and unaccounted-for quantities less the actual L&U quantity collected during the previous 12-month period ending December 31. The 12-month actual data and calculations underlying the L&U Reimbursement Percentages are further detailed in the supporting schedules found in Appendices A through C, as discussed below.

Appendix A provides the derivation of the L&U Variance Adjustment to become effective on May 1, 2026.

Appendix B sets out the derivation of the monthly L&U Reimbursement Percentages.

Appendix C illustrates the application and reconciliation of the L&U Reimbursement Percentages for the twelve months beginning January 1, 2025.
