For more pipeline specific operational information, please visit our [Tallgrass Pipeline Interactive Website](#)

That will take you to the Tallgrass EBB:

The screenshot shows a web browser window with the URL pipeline.tallgrassenergy.com. The page features the Tallgrass Energy logo and a navigation menu on the left. The menu is expanded to show 'System Map', which includes 'Natural Gas Pipelines', 'Customer Activities', and 'Oil Pipelines'. Under 'Customer Activities', the 'CONNECT' option is highlighted with a red box. The main content area displays a 'System Map' of the pipeline network across the central United States, including Wyoming, Nebraska, Colorado, Kansas, Oklahoma, Missouri, Illinois, Indiana, and Ohio. The map shows various pipeline types and facilities, with a legend at the bottom. The legend is organized into columns: Crude Oil (Pony Express Pipeline, Powder River Gateway, Oil Terminal, Connected Third Party Refinery), Natural Gas (Rockies Express Pipeline, Lease of Overtrust Pipeline Capacity, Cheyenne Connector, Tallgrass Interstate Gas Transmission, TIGT Off System Transport Capacity, TIGT Gas Storage Field, Trailblazer Pipeline Company), Natural Gas (Tallgrass Midstream Facilities, Tallgrass Midstream Gathering), Natural Gas Liquids (TMID NGL Pipeline), and Water (BNN Water Solutions). The page also includes an 'Emergency Contact Numbers' link in the top right corner and a footer with the address '370 Van Gordon Street | Lakewood, CO 80228 | 303-763-2950' and the date '22 May 2020'.

Under Natural Gas Pipelines – Customer Activities – click on CONNECT
