Dear Secretary Reese:

As part of the amendment filing, Ruby submits herewith the following Proposed Tariff Section to be effective on September 1, 2026:

Statement of Nature, Reasons, and Basis of Filing

Pursuant to GT&C Sections 13 and 28, Ruby submitted the July 31 Filing containing an adjustment to its Electric Power Cost Charge to become effective on September 1, 2026. Subsequent to the submittal of the July 31 Filing, Ruby was made aware of the need to submit a live version of the tariff record related

¹ 18 CFR § 154.403(d) (2025).

to its Fuel and L&U Rates, despite the fact that the rates were not being revised. Ruby submits this amendment filing to correct that error.

Procedural Matters

Ruby respectfully requests a shortened comment period and waiver of the 30-day notice requirement in 18 CFR § 154.207, as necessary, so that the amended Proposed Tariff Section submitted herewith may become effective on September 1, 2026, as requested. Approval of this requested waiver is in the public interest to correct the accuracy of the record.

Ruby respectfully requests that the Commission grant all waivers of its regulations necessary for the Proposed Tariff Section to become effective on September 1, 2026. If the Commission suspends the Proposed Tariff Section, Ruby hereby moves to place the Proposed Tariff Section into effect at the end of the suspension period specified in the Commission order permitting the proposed changes to go into effect. If the Commission directs Ruby to change any aspect of the proposal herein prior to this Proposed Tariff Section becoming effective, Ruby reserves the right to file a later motion to place it into effect.
